

ADDENDUM #1

REQUEST FOR QUALIFICATIONS FOR AIR SERVICE DEVELOPMENT CONSULTING SERVICES FOR SPRINGFIELD-BRANSON NATIONAL AIRPORT

**ISSUE DATE: AUGUST 11, 2026
DUE BY: SEPT. 8, 2026**

The Request for Qualifications specified above is hereby amended and revised as described below. This addendum must be acknowledged by including this and any other addenda with your submission.

Question: In section 1.0 Introduction and Background the following statement is made:

Due to the nature of air service development consulting services, if the Proposer is currently performing similar consulting services for an airport that is in direct competition with SGF, the company must disclose the relationship. SGF reserves the right to reject any response based upon a conflict of interest as determined by SGF.

Does SGF airport have a list of airports they consider as direct competition? If so, can that be shared with respondents?

Answer: Instead of proving a list of airports we consider competition, which is subjective, we now would like consultants to provide a list of all client airports.

In consideration of this, as well as our desire to receive complete responses, we are increasing the maximum number of pages to 30. Not included in the page count are:

- **Any addenda**
- **Page dividers and front and back covers, if any**
- **Table of Contents**
